# BEM history

In 1966, the missionary Dutch couple, Nicolaas and Trijnie van Eijk landed in Sao Paulo from Stadskanaal, Holland. After spending a year working in a juvenile institution run by Dutch people in São José do Rio Pardo (São Paulo), the couple moved to small Sabinópolis, in the interior of Minas Gerais, in 1967

In 1968, the couple founded The Evangelical Pentecostal Missionary Church (IEMP) from the contact with the numerous social problems present in the community and the perception that the Gospel needed to be materialized through the loving care of these social needs. The couple begins to care for children and their families in their own home. The biblical text of 1 John 3:17 troubles them and their Dutch compatriots about the social situation of this community, as there were a large number of poorly structured families and undernourished children who wandered begging through the streets of the village.

Thus, in 1973, the Bem Estar do Menor crèche was founded as a body of legal personality and diaconal arm of the IEMP Church, to meet the social demands of these children and their families. Since then, a number of social projects and actions have been created and developed over the years. It has contributed significantly to meeting the social needs, transformation and social development of the communities where BEM has expanded its approach.

If anyone has the world's goods and sees his brother in need, yet closes his heart against him, how does God's love abide in him?

**1 John 3:17**

# Mission

Contribute to the Integral development of children, adolescents, families and communities through sustainable socio-educational actions aimed at a dignified life.

# Vision

To be a happy organization where people are valued and have opportunities for new birth, social development, advocacy and dignified life

# Values

- Commitment to families and communities to eradicate poverty.
- Cooperative work.
- Christian principles.
- Developing people.
- Promotion and Advocacy of children and adolescents.
- Joy and enthusiasm.
- Transparent.
- Socio-environmental responsibility.

# Word of the president

## What now?

I heard news at about 02 hours ago that in Guanhões, 20 km away from Sabinópolis, there are 02 Covid-19 confirmed cases. That is one of the villages where we have a church. We announce the good news of salvation as we assist families in their needs out there. Desperate, concerned and exposed-to-risk. People fear the enemy that destroys the world. There's no name, surname, bank account, skin color, political or social power, we are all under the risk of infection and not even know the real consequences or contamination effects that could it cause in our system. There's the risk of getting hospitalized and maybe lose our lives! We can notice and know that we don't have the control we would think we had one day. In whom we deposit our hope over the chaos? Perhaps the time comes that we can claim our faith in the Lord, we are his sheep, passengers on the land and our days were counted by the Lord. However, in whom is your trust and faith? In the science or in the Lord? In addition to the chaos caused by the virus, we face political, moral, social, spiritual chaos! People's mentality is impressive (although the Lord has already said in the Word that man's heart is turned towards evil), the majority looking at themselves, seeking their own interests, taking advantage of the current situation!

The truth is that we have been concerned with ourselves, taking the security measures that are put to us by the authorities, concern for our cooperators and with those who are

served by the projects. People are exposed and taking risks with the arrival of the virus in our region before the arrival of a vaccine!

Unfortunately, the conditions of several families do not provide them with any security, as they do not have the minimum infrastructure to live, much less running water in their homes. So how do you keep hygiene to a minimum? How can I always wash my hands, clean the products that arrive at your house, bathe and change clothes? I know that this is not just a matter of Brazil, but of several other countries around the world. A reality that is different from what is experienced in Europe, America, where these structural issues are lacking.

But, I know one thing, that now is the time (now and always), the time to put our faith in God again in the face of this chaos that we live in. He is Lord and has a purpose that we do not know and can understand for this moment. We know that not only our lives, but that of all the co-workers, families of the projects, in short, all humanity is under His authority.

May we take advantage of this moment of 'crisis', 'of chaos', to reflect on life and on the author of life, JESUS! May our life, hope, confidence be in him.

## What now?

We cannot say for sure, but the authorities change the peak period of contamination every day for our state, region (which has no structure to receive the sick).

I would like to ask you to be praying for those who live in uncertainty, fear, unprotected so that they can take refuge, wait and put all their trust and life in the hands of the One who has our days numbered.

**May the peace of the Lord be in our hearts.  
United in Christ,**

Oscar Leonard Willian van Eijk

# Where are we?

BEM is located in municipalities in the Northeast of Minas Gerais State , Rio Doce Valley, Mucuri Valley and Jequitinhonha Valley, as well as in Vera Cruz, Bahia State.

## Minas Gerais

Sabinópolis  
Euxenita  
Materlândia

# Children and teens prevention and protection policy

BEM attends integrally to children and teens which comes from the perspective that kids' well-being depends directly on the family and community situation. Therefore, a Children and Teenagers Protection Policy was collectively built by social agents involved at BEM projects. The document aims to generate an institutional strategy based on international established standards to offer safety and protection to children and teenagers that take part in the projects executed by BEM. All cooperators, temporary hired employees and volunteers of BEM are annually presented to the Organizational Policy. As it gets implemented, BEM expects that kids are protected according to a practice pattern that preserves their rights and keeps them away from danger.

## Creche

Creche contributes to the integral development and social insertion of 0 to 03 years old kids in its 08 units, offering Child Education of ensured quality. BEM Daycares present themselves as a possible and feasible way of basic rights advocacy as it builds an embracing society aware of its duties as Brazilian children based on bible principles.

## Kids Fellowship Center

This project comes from the local needs of attending 04 to 06 years old kids that left the Creche Project. Its main goal is to complement pedagogical activities of school from an individual perspective as the major kids start their studies at the municipal and state schools. Besides attending 04 to 11 years old kids that comes from vulnerable context, it considers the integral formation and the Education as a continuous process that generates social transformation.

# Main results achieved

Regarding the main results reached through the work developed at the Creches and Kids' Center in each locality, it was observed that:

- a) It made possible for families to access Basic Rights for Children and Adolescents;
- b) Provided children's proper place to access educational, social and emotional development;
- c) Provided an adequate and balanced diet for healthy growth;
- d) Provided moments of culture and leisure for children;
- e) Ensured a service with affection, security, respect and joy;
- f) Provided mothers, through childcare, the possibility of paid professional activities, improving family's quality of life;
- g) Allowed mother to work outside due to the care given to the child in her absence;
- h) Allowed the socialization and integration of families, during the events at the Creche and Kids' Center;
- i) It favored the continued formation of the team, through meetings and pedagogical visits as well as annual training provided to the cooperators.

# Community center

## Nova Pousada and Rio Vermelho

Promote processes in which families, communities, organizations and community leaders in the territory work together in order to elaborate community development proposals through an active participation with involvement of several governmental and non-governmental actors. The target is to reach a united and empowered community, searching for local problems solutions through services and representative's articulation of Public and Private Sectors.

### Connected actions with teens

In 2019, actions involving teenagers were executed in partnership with the public fellowship work that aims to strength family strings twice a week. The main objective was to attend to teenagers from 12 to 17 years old in the Community Center. In 2018, the aim was to value youth, developing activities that approaches protagonist promotion, support and social orientation. Experient leaders did the follow-up supporting project and actions. Christian values are the base for the diverse and updated proposals.

### Family fellowship center actions with family

Executed in Rio Vermelho Community Center in partnership with the local public authorities, its main difference among other initiatives is the family approach that involves father, mother, sons, daughters and grandparents). Each family enjoys individual attendance with a social agent once a week. The basic proposal is to strength family attachments through activities developed by kids along with their families.

## Kids Fellowship Center

### action with kids

Attends to 03 to 11 years old kids in the school counterturn shift at the Community Center facility. Kids come from socioeconomic vulnerable families. At the Fellowship Center, the proposal is to accomplish specific attendance with school support, pedagogical activities, guitar classes, dancing classes, devotional and social promotion.

## Vamos Worden

### action with teens and families

It aims to provide teenagers that used to have too much spare and useless time at Chapadinha, a new experience of community through the involvement in activities such as school support, art, music, sport, social inclusion, devotional within the family, school, community and BEM. It contributes to family and community network strength. It also considers youngsters' potential as protagonists of their own stories.

## Claves

**juggling we strengthen to face difficult situations**

It is a program for the prevention of child abuse and sexual violence and for the promotion of good family relations. Through sequential workshops, Claves provides a playful and participatory approach, which promotes the reduction of vulnerabilities of children and adolescents through the development of personal, family and community strengthening factors. Songs, dances, board games, theatrical games, stories, puppets, riddles, puzzles, and other techniques are explored in workshops and allow children and adolescents to empower themselves to deal with difficult situations.

## Family action

**protection and prevention of maltreatment**

The purpose of the action is to strengthen the family in its preventive and protective function, providing space and support to improve the quality of life, access and orientation to the social rights. The work is carried out through workshops with groups of mothers, community meetings to discuss collective causes, etc.

At Bahia, a structure has been built in order to attend kids with special school needs through volunteer mentoring supported by the local church. It's been also offered to women the chance of gathering to do activities and grow together in an embryony Group of Mothers that also offer family follow-up in order to strengthen families' strings.

## Food and nutrition security

**nourishment**

Adequate food is a fundamental human right, consisting of regular and permanent access to sufficient quality food for health promotion. As a result, BEM offers, through the organic production from farms, the donation of vegetables and fruits to Sabinópolis Creches and Kids Fellowship Center as well as to Euxenita and Marterlândia projects in the districts.

# Rights advocacy and assistance

## public policy

In 2019, there were more than 71 books such as Bibles and children's books for the community library forwarded by the Biblical Society of Brazil. The 24th World Task Force on Prayer for Vulnerable Children and Adolescents. The Community Centers and Creches received promotional material through the Mãos Dadas Network and promoted the Social Educator campaign. They also participated in awareness raising meetings for community work and training in Community Development, training of community leaders, among other actions with similar sectoral policies. Performance in National and International Social Networks, such as the Hands-on Network, RENAS (National Evangelical Social Assistance Network), CLAVES Brazil and the Biblical Society of Brazil. Support and assistance to adolescents in conflict with the law, welcoming people to serve alternative sentences. Planning, participation and execution of Awareness Campaigns for social agendas that meet the demands of each municipality, priority public and agreement with local colleges for joint internship actions in social work. In 2019, more than 71 BEM actors participated in the systematic meetings of the local councils, representation at the Municipal Social

Welfare Conferences and the Conference of Children and Adolescents, 6 marches to raise awareness of the fight against sexual exploitation and child labor of children and adolescents. There was also participation in sensitization meetings for community work and training in Community Development, training of community leaders among other actions with related sectoral policies. Performance in National and International Social Networks, such as Mãos Dadas Network, RENAS (National Evangelical Network of Social Assistance), CLAVES Brazil and Brazilian Bible Society. BEM also provides assistance to adolescents in conflict with the law, welcoming people to fulfill alternative sentences. Planning, participation and execution of Awareness Campaigns for social agendas met demands of each municipality.

## Agriculture production

### BEM agriculture production

BEM produces vegetables and fruits in the in the following fields: Bethel, Bereia and Belem farms in Sabinópolis, besides Beersheba in the district of Euxenita - Sabinópolis. The action aims to generate maintenance of the feeding of general care projects such as Creche, in addition to resources from sales of surplus. It is a strategy for generating resources to carry out activities for collective and communitarian purposes.

## Family agriculture

Family Agriculture Program is relevant due the production of organic food and income generation for the participants. The program aims at family subsistence and improving the quality of life at the community. By selling the surplus, farmers' families have access to quality food as they access extra income.

## VEM fellowship center

### widow in mission

Center of promotion and socialization for elderly women (widows, debilitated and alone) through socio-cultural activities, aiming at the reintegration into social life and strengthening of spirituality to improve the quality of life. This work is carried out in the Coexistence Centers located in Belo Horizonte and Sabinópolis with the capacity to attend up to 100 participants. Among common actions: manual handicrafts, devotions, physiotherapy, psychotherapy, senior group dance and other activities. The realization of monthly meetings, annual meetings, exchange, camping, Christmas party and permanent bazaar were activities relevant to the achievement of the objectives.

## Kids Fellowship Center

(07 to 11 years)

It is designed to serve children aged 7 to 11 years old during their school shift, at the Community Center. In 2019, a total of 36 children were served twice a week, 1,209 calls were made during the year and 762 meals were offered. Some activities of this project had volunteers from Sabinópolis. By methodology, it was decided to present activities and / or workshops for leisure, sport, arts, in order to stimulate the development of the various skills in the child, as well as the awareness of subjects of rights, respecting the cognitive development of each child, were also individual orientations were carried out with adults and family members. Some of the activities carried out were:

Children's worship; guitar class, dance workshop; E.V.A. class and rubberized class; Individual and group guidance with children (application of the Claves Methodology); Home visits, active search and family monitoring.

## Nova Pousada's Artisanal Cook Network

Affectionately nicknamed "Flavors Network", are culinary training activities (Income Generation), which aims to enhance female empowerment through entrepreneurship and homemade production of greengrocers. In 2019, we counted with the participation of 06 women and the Professor and volunteer D. Vitória, who taught how to produce greengrocers. In due course, the produced greengrocers were served as a snack in the projects of the Community Center.

## Conference center bereia conference center

BEM Means activity that generate resources through renting a rural property for sporting, leisure events, training, socialization, camps, conferences as meeting groups connected to BEM. It is open to develop churches', projects', schools' and municipalities' activities. It serves both the public in Sabinópolis and the region. In 2019, the CCB received a total of 3,459 people in 46 events with the participation of young people (1,071), children (663), adults (1,574) and the elderly (151).

## Grupo de Zumba

Well-being and healthy life promoting project with the participation of 13 women, composed of young, adult, single and married. Total of 36 meetings, once a week, at night with an average duration of 01h30 minutes. Promotes self-esteem, exercising and health interaction among women.

## Group of Men

At least 20 men meet twice a month. Together, they talk about youth, adults, relationships. In 2019, 11 meetings and 134 eventual appointments had taken place. Devotions, tours, competitions, thematic lectures, were some of the activities developed in 2019. Promotes the conscious of being a good man for the family, healthy manly interaction as well.

## Groups of Mothers

35 women between 18 and 60 years old met every Wednesday for an average duration of 2 hours encounter. Total of 60 meetings and 648 visits, offering approximately 415 snacks over 2019. Thematic workshops and activities such as: Devotional, Women's Health, May 18 Campaign, Prevention of Domestic Violence and Femicide; dynamics on Feelings, Lecture with Gynecologist, Talk Circle, Picnic, Crafts, Family Planning, were some of the activities developed. Promotes socialization, health interaction, women empowerment.

## School Support Project

It received 55 children and pre-adolescents, in the age range of 05 years to 14 years with the objective of teaching and reinforcing school, post-school and complementing actions of: text interpretation (individual and collective), knowing the stories through books, joining syllables, cutting out words, vowels and forming sentences, the 4 operations basic math skills, lock languages, dictation among other similar activities.

# Additional information for Family Farming infographic

Currently, BEM has 94 families that produce coffee, grows garden and farming products, distributed as follows: 33 families grow gardens, 46 families produce farming products and 15 families produce coffee. Families goes from Monday to Friday at daytime.

# Revenues BEM 2019

# Expenses BEM 2019

# Thank you

## Partners and collaborators

We end 2019 and we can say that nothing is impossible for the One who sustains us.  
What about 2020? During this year, we will make known to Him all that is too difficult for us, whether in our organizational life or in the lives of people who are in need of BEM support. You who supported and donated to the cause of BEM, our THANK YOU VERY MUCH!

## Cooperators

Without you all this work really would not have been possible in 2019. Thank you for trusting BEM's work towards facing challenges and overcoming them. Above all, you stayed with us! You are an essential part for us to continue the work. Thank you!

# Partners

BEM has partners in the process of designing and execution social projects. Highlighted:

## Rede Mãos Dadas worldwide prayer effort - june of 2019

"Committed to hope" was the theme of the 24th World Day of Prayer for Vulnerable Children and Adolescents. The Community Centers and Creches received promotional material offered by Rede Mãos Dadas and promoted the campaign in their projects. The following activities were part of the Campaign: devotionals with social educators, Children making their prayer requests, video recording. Some requests from the children that stood out were: domestic violence, abuse of alcohol and other drugs, hunger and family unity. The child's and adolescent's desire to desire a harmonious home was noticeable. Approximately 1,300 people participated in the Prayer Campaign for Children and Adolescents.

## Brazilian bible society

For 2019 BEM projects, Bible materials were distributed by the Biblical Society of Brazil, 71 books such as bibles, children's books, books for the community library.

## 5a Campaing my christian social educator 2019

5th my christian social educator campaign "courage of the soul: the virtue of resilientrs".

Courage of the soul is the virtue that informs the person that in the face of a threat, it is more honorable to stand in favor of what is right and fair for everyone than to stand on the most convenient side. And it was in this perspective that BEM prepared a delicious breakfast for its co-workers, each location also developed an action to value this professional, who committed himself to social justice, working with each child, who carries a story, with their skills and talents. This campaign involved approximately 84 BEM social educators working in social projects.
